**This is your opportunity to hear about
amendments included in NCC 2013. If you work in
the plumbing industry, you can't afford to miss out!**

The Australian Building Codes Board (ABCB) is finalising updates to the 2013 National Construction Code (NCC), and as plumbing industry practitioners you need to know what changes are coming into effect. Presenters from the ABCB will inform you of these changes at a series of Information Seminars, commencing in February 2013, in a capital city near you.

The Information Seminars will play an important role in raising practitioner awareness of Plumbing Code of Australia (PCA) amendments scheduled for 2013. An opportunity not to be missed, the seminars will also feature a presentation by Standards Australia, on changes to Australian Standards.

**If your work involves plumbing then you should attend -
the NCC takes effect on 1 May 2013***

*The extent to which States and Territories adopt the PCA varies – further information is available from the Plumbing Administration in your jurisdiction.

Please see overleaf for your registration form or register online at - www.abcb.gov.au
